

## Republic of Croatia – Theme Statement Review

### Summary

The theme statement submitted on behalf of the Republic of Croatia is both intriguing and informative. The focus on the Mind as relayed creatively and innovatively is well received and acknowledged by the Theme Statement Review Committee. For an event such as Expo 2020 Dubai, it is clear that the Republic of Croatia is keen on celebrating a contemporary vision of its country to the world.

This theme statement carries strong pillars of content that stand alone, and the Theme Statement Review Committee looks forward to seeing how this manifests in the pre-construction phase.
