LET'S RELAX, GET IN THE FAIRYTALE ...

Life is a journey and one who travels literally lives twice. On this journey, the lucky ones will at least once stroll down the green hills of Zagorje, which offer peace at every turn, an intimate touch with nature and open hands of hospitable and friendly hosts.

Zagorje - the green gate of Croatia is the region for a human-tailored vacation. It is an oasis of preserved nature, clean air, greenery and healing thermal waters. In the true archipelago of picturesque hills, there are numerous spas, castles and manors, Roman roads, agritourism, museums, churches, pedestrian, equestrian and cycling trails.

Zagorje is the largest Croatian thermal riviera where water draws a rainbow. This is the region with the greatest number

of thermal springs that, transformed into modern spas with top hotels and gastro-nomic offer, make Zagorje a true Croatian continental riviera. Zagorje spas spill the waterfalls of pleasure in thousand colors. Water drops spread warmth. The hug of water warmth is magical and touch of wellness turn dreams into reality, because health is the most beautiful reality.

Zagorje's wine roads labyrinth casts a special spell. It is unforgettable, because it goes over the hilltops that offer a breath-taking view. It is inspiring, because it is made of sunny green vineyards, wooden "kleti" (vineyard cottages), horned hands and a welcome smile. It is irresistible, because it blends the taste of juicy roasted turkey and carefully cultivated wine card. Pleasant, because the wind carries down the hills the sounds of local songs. In such a labyrinth, nobody is lost.

**It's true! It is possible to
experience a fairy tale.**
