Foreword

Dear colleagues, associates and friends,

It is an honour to present to you the 26th edition of our annual UHPA Directory publication in its familiar, polished and practical format. A comprehensive who's-who with industry go-to contacts, promoting both Croatia and the Association of Croatian Travel Agencies (UHPA), the UHPA Directory has become a well-known international staple for travel professionals in Croatia and around the world.

Trimmed with the sleekest destinations and full of user-friendly details about our country and its tourism movers and shakers, the pages ahead highlight and bring together the best of what Croatian tourism has to offer. UHPA's greatest asset – our vast body of members, regardless of size, segment or niche, know Croatia better than anyone else and shoulder the kind of turn-over we are proud to describe as 'responsible' and 'sustainable' tourism. Relying on their support and know-how, UHPA manages to sustain the highest trade standards in pursuit of building Croatian tourism the right way.

Our members craft countless services and products into unique experiences by matching our country's exceptional diversity with the inclinations of well-meaning individuals who want to learn about its rich history, culture, and abundant natural beauty. As such, we remain master travel artisans and as our spokesperson, UHPA will continue to support our trade by forming new alliances and maintaining old ones. To stay connected is a trade necessity, as we all know, regardless of circumstance.

Our dedication to making the industry better pushes us forward – in relying on the latest innovations and in connecting with each other in our global communities. This is no simple commitment – crafting travel arrangements in times of economic and political uncertainty is mostly an uphill struggle, but it's one that includes satisfaction, gratitude and optimism, which makes it all worth the while. At the end of the day, travel is always going to make us better people – open to new ideas, to hope, empathy and growth.

On that note, UHPA will continue to focus on promoting innovation and on building a more resilient and sustainable tourism, where strategic imperatives and trade interests thrive in full correlation. I would like to use this opportunity to thank Croatia's Ministry of Tourism and Sport and the Croatian National Tourist Board for their continued support and for recognizing the role of travel agents and touroperators in developing tourism responsibly.

I sincerely hope our 26th UHPA Directory brings you a little closer to our country and to working with Croats, your trusted travel artisans. We wish you all peace, good health and a world of success in the coming year!

Foreword

Dear readers, colleagues, and esteemed partners,

It is a privilege to address you on the occasion of the 26th edition of the UHPA Directory, the only comprehensive guide to Croatian travel agencies and tour operators that, for decades, has connected our country with international partners and guests. This edition continues a proud tradition and reaffirms the enduring strength and adaptability of Croatian tourism.

In recent years, Croatia has not only reinforced its enviable status on the international tourism stage but has also made significant strides forward. Our country is increasingly recognized as a high-value, high-quality, and sustainable year-round destination, with outstanding results achieved in both the pre- and post-season. These achievements are the result of joint efforts and the dedication of all stakeholders — from local communities and institutions to our travel agencies and tour operators.

Travel agencies remain at the very heart of these developments. They are often the first point of contact for our guests, ambassadors of Croatian hospitality, and vital partners in creating authentic and memorable experiences. Their role in shaping innovative products, bringing visitors to every corner of Croatia, and extending the season is essential to the continued success of Croatian tourism.

Looking ahead, our focus will remain on quality, sustainability, and authenticity. At the same time, we recognize the growing importance of price competitiveness in a dynamic and increasingly demanding global market. Maintaining a balanced relationship between value and cost is key to ensuring Croatia remains accessible, attractive, and competitive, not only regionally, but on the global stage.

Together, we will continue to strengthen Croatia's position as one of the Mediterranean's most attractive destinations, ensuring long-term competitiveness and global recognition. By investing in people, infrastructure, and authentic content, we are building a tourism sector that benefits both our visitors and our residents, creating value for the entire community.

I sincerely thank UHPA, its members, and all partners for their commitment and contribution to this shared vision. I look forward to our continued collaboration and to the many successes we will achieve together in promoting Croatia worldwide.

Dear readers, colleagues, and tourism professionals,

It is a great honor and pleasure to greet you on behalf of the Croatian National Tourist Board on the occasion of the 26th edition of the UHPA Directory.

We are well aware that numerous challenges in the recent years have left an impact on the tourism sector. However, Croatia has once again demonstrated resilience, successfully maintaining its status as a safe, year-round, and competitive tourist destination—something we are extremely proud of. Our country takes pride in having an excellent image worldwide, and this motivates us to further strengthen development of a wide range of tourism products, especially during the pre- and post-season.

The results and indicators achieved during the current tourist year confirm this success. At the same time, they oblige us to be even more creative, innovative, and high-quality in shaping our tourism offer in the future, while continuously adapting to market trends and to the demands of modern travelers.

Tourists of today are seeking unique experiences, authenticity, value for money, accessibility, and warm hospitality. In this regard, travel agencies play a crucial role, as they represent a significant share of the tourism flow in our country. The attractiveness of Croatia is best reflected in the positive impressions of visitors from all over the world, where travel agencies often play a key role in their decision to visit. They create the offer, shape the perception of the destination, and ultimately promote the country, its characteristics, and traditions.

For this reason, I firmly believe that the continued successful cooperation between the Croatian National Tourist Board and the Association of Croatian Travel Agencies is crucial for further positioning of our country as a sustainable, high-value destination—one of the main priorities of Croatian tourism.

The Perfect Blend of Business and Pleasure

On Croatia's sunlit Adriatic coast, Zadar offers a rare balance of historic atmosphere and modern MICE infrastructure. Here, Roman forums and Venetian palaces coexist with contemporary conference halls and premium hotels, creating a setting that inspires productivity and connection.

Well-connected through its international airport, Zadar welcomes delegates from across Europe with ease. The city's hospitality portfolio includes a range of upscale hotels with

fully equipped meeting spaces, such as the five-star Hyatt Regency Zadar, delivering both comfort and capability.

Beyond the agenda, Zadar offers unforgettable experiences: host a gala in a centuries-old palace, enjoy a sunset cruise across the archipelago, or explore its UNESCO-listed heritage. Add Mediterranean cuisine, award-winning wines and outdoor adventures, and your event becomes more than a meeting – it becomes a story worth sharing.

About UHPA

Representing Travel Agents and Tour Operators for over 30 years

Founded in 1992, UHPA - or the Association of Croatian Travel Agencies, has grown to become one of Croatia's leading and most influential trade associations, representing the professional interests of travel agents, tour operators and other tourism and business service providers.

For over 30 years, UHPA has remained true to the mission and vision outlined by its founding members.

Today, UHPA members, over 220 travel agencies, tour and online operators, intermediaries and wholesalers, shoulder a significant share of the overall tourism turnover in Croatia. UHPA also represents over 100 associated members hailing from the hospitality industry, transportation companies, tourist boards, associations, attractions, educational institutions and various other tourism suppliers.

Internationally, UHPA also stands for member interests, aligning itself with the world's most prominent tourism organizations and industry associations. UHPA is a member of ECTAA and nurtures long-standing reciprocal relationships with the most powerful European and non-European associations of travel agencies and tour operators such as ABTTA, ACTA, AČCKA, ANVR, ASR, ASTA, ATTA, APAVT, JATA, MUISZ, SACKA, SMAL, SRF, YUTA and ZTAS.

UHPA has initiated and implemented, independently or in partnership with various professional associations in Great Britain, the Netherlands, Germany, Portugal, Finland, Poland, Greece, Latvia, Bulgaria, Italy, Belgium, Montenegro, Slovenia and Croatia, a number of projects aimed at developing corporate social responsibility, innovative tourism products, strengthening competences, enhancing service and business operation quality and the competitiveness of its members.

UHPA continues to work closely with the Croatian Ministry of Tourism and Sport and the Croatian National Tourist Board on various projects of national significance. Our collaborations aim to increase the number of organized visits and overnight stays in the pre and post-season through the development of special interest market offers and the operation of destination management companies. These endeavours also make a point of promoting sustainable business models and the improvement of

service quality. Additionally, UHPA obligates its members to a strict *Code of Ethics*, fulfilling its mission to contribute to the responsible development of Croatian tourism and ensuring Croatian travel agencies and tour operators have that competitive edge.

Travel agents and tour operators are essential to tourism flows. Being the first in line to communicate with end-users, they hold the keys to building consumer confidence in a way that reduces the negative impacts of tourism on the environment and helps local communities grow. We at UHPA are strongly committed to supporting our members in developing both their operating standards and resiliency to withstand. In doing so, UHPA contributes to building the overall quality of Croatian tourism and the strength of the country's economy.

While firmly defending the travel agent and tour operator trade for over 30 years, UHPA continues to support tourism progress and maintain its position, relevance and strength as a trade association. The UHPA office, with its five employees and a large number of outside associates, is committed to fulfilling the association's mission and vision. We are steady in our belief that our activities shape the service quality of tourism products and contribute to the professional success of our members.

Despite changing industry dynamics, running on live, human contact and interaction, tourism undoubtedly has a bright, global future. UHPA is here for it.

It is with confidence that we therefore invite you to choose one of our active or associated members as your trusted business partners in Croatia.

UHPA Activities

Travel agencies and tour operators in Croatia have come such a long way since Croatia's first travel bureau opened its doors in Zagreb, a little over a hundred years ago. As their professional association, for the last thirty years, through a number of different initiatives, UHPA has sharpened the focus of travel agencies in Croatia on building sustainable operations, positioning special interest tourism products and implementing quality management procedures. In retrospect, focused on building value, over the years, UHPA has seen the trade expand and evolve with every industry shift, segment dynamic and uncertainty.

To UHPA pushing for quality over quantity always made sense

To UHPA pushing for quality over quantity always made sense. The challenges facing travel agents and tour operators now only underline the importance of those elementary convictions, of that vision. Always with an eye on the latest industry trends, UHPA has worked to enhance member capacities by organising conferences, workshops and training programs, principally with the support of the Croatian Ministry of Tourism and Sport and the Croatian National Tourist Board, but also independently through national and EU-level initiatives.

Recognizing that UHPA members, Croatia's top tour operators and travel agents, are directly involved in creating, managing and developing Croatia's tourism offer, our projects have, without exception, been dedicated to promoting service excellence and reliability. Upholding professionalism on all fronts – particularly in motivating travel sector personnel to attain additional qualifications, learn new skills and share best practices, plays into this ceaseless mission. Having adopted the UNWTO Global Code of Ethics in 2014, UHPA has committed its time and energy to the highest standards of corporate social responsibility with the aim of promoting sustainable tourism, with emphasis on the protection of human and labour rights, the environment and on limiting corruption.

In project terms, over the years our project activities have placed emphasis on: developing new tourism products (DMC support programs), curbing seasonality (special interest tourism development, segment dedicated and cross-border), promoting corporate social responsibility (sustainability practices, social entrepreneurship, voluntourism initiatives, the Travelife scheme), quality management (multi-site ISO certification), the importance of social dialogue and networking (bringing together Croatia's tourism trade associations)...

Our efforts add up to over 15 successfully implemented projects on a wide variety of topics and just as many instrumental partnerships. You could describe us as a team of seasoned project professionals interested in pursuing new ideas and – above all, on building on decades of indispensable value.

If the last hundred years are any indication of what lays ahead for our trade, the future is bright and exciting and UHPA is here for it. Let's welcome it together.

Travelife

Implementation of the internationally recognized Travelife system for sustainable and responsible business of Croatian travel agencies and tour operators

The mission of UHPA is to contribute to the sustainable development of Croatian tourism and to enhance the competitiveness of members in line with the values of corporate social responsibility, total quality management and individual business specialization.

Socially responsible and sustainable business is a key prerequisite for quality assurance and competitive growth of Croatian travel agencies and tour operators on the international market, and as such is recognized by UHPA, the leading professional association in tourism in Croatia.

Companies working towards sustainability score better on business efficiency, customer satisfaction, staff motivation and with positive effects on their competitive advantage. Companies that practice socially responsible and sustainable business also expect their business partners in destinations to comply with the basic principles and requirements of socially responsible and sustainable business, international and national laws and regulations.

More and more travel agencies and tour operators expect socially responsible and sustainable business from their suppliers through the implementation of internationally recognized standards and requirements and include them as binding provisions in their contracts.

Strengthening the capacities of UHPA members in the field of sustainable and responsible tourism development is realized through various projects at the national and international level.

Our members recognize the value of our project activities by participating in our workshops and trainings, applying the acquired knowledge in their operations and sharing their experiences and expertise with others. UHPA projects are also recognized for their tourism policy value in the Republic of Croatia and they contribute to the quality of the sustainable development of tourism in our country.

UHPA and Travelife

Over the years, UHPA has focused its project activities on socially responsible business models and the sustainable development of tourism. It all started in 2010 with our first EU project *EOS CODE: Principles of sustainable business in tourism*, evolving to a fully-fledged cooperation with Travelife, the world's leading initiative for training, management and certification of travel companies dedicated to the sustainable development of tourism.

UHPA and Travelife for Tour Operators, an internationally recognized sustainability certification program for the tourism industry (managed by ECEAT, a not-for-profit organisation based in The Netherlands) established a strategic partnership 13 years ago. The partnership aims to promote sustainable tourism in Croatia by enabling UHPA's members to implement Travelife standards. This is in keeping with UHPA's commitment to promoting sustainable tourism practices in Croatia.

UHPA and ECEAT were project partners on two substantial EU project initiatives:

- CSR-TOUR, a project financed through the Lifelong Education Program Leonardo da Vinci - Transfer of Innovations, bringing together the business and education sectors to promote sustainability in Croatia, Greece, Latvia, Poland, the Netherlands and Great Britain. The two-year project resulted in over 200 travel agencies accepting the Travelife system. More than 750 personal certificates for Travelife sustainability managers have been distributed. During the training, more than 600 students developed new knowledge and competences for sustainability in tourism. More than 80 examples of good practice from travel agencies from Croatia, Greece, Latvia, Poland, the Netherlands and Great Britain were collected.
- SUSTOUR, a project co-financed by the European Commission under the COSME programme (Program for the Competitiveness of Small and Medium Enterprises). SUSTOUR aimed to foster the capacities and skills of 175+ travel agents and tour operators (SME's) to integrate sustainability principles within their companies and supply chains. It did so by providing support through training, management systems, standards and solutions, which improved their sustainable management and performance and helped to open up new market opportunities. Over the course of three years, the SUSTOUR support programme for Travelife Partner/Certified helped 500+ participating SME's with training and coaching support to implement basic and/or advanced sustainability measures in their companies and become awarded by the internationally leading sustainability certification scheme for tour operators and travel agents, including eleven SME's from Croatia.

About Travelife

Travelife is a leading certification system dedicated to achieving sustainable practices within the tourism industry. More than 40 national travel associations, including UHPA, support the system. The scheme has two sections: *Travelife for Hotels* (managed by ABTA - the British Travel Association) and *Travelife for Tour Operators* (managed by ECEAT). It is the only sustainable supply chain management system made specifically for tour operators and travel agencies that provides companies with realistic sustainability goals, tools and solutions to implement positive change within their businesses and supply chains.

Travelife for Tour operators and Travel agents:

The scheme provides online training and practical tools for sustainability management and certification. The training and online tools are suitable for tour operators and travel agencies of any size and cover all management aspects of the travel company business including office operations, the supply chain, destinations and consumers. When fulfilling a set of basic sustainability standards, the company is awarded the „Travelife Partner“ status, an intermediate step towards certification. Upon complying with the more elaborate Travelife Certified standard (based on an independent onsite audit), the company (tour operator/travel agency) can obtain the „Travelife Certified“ status.

The Travelife standard for Tour operators and Travel agencies is based upon the full Corporate Social Responsibility themes, including labour conditions, human rights, environment, biodiversity and fair business practices. The management requirements are compatible with EMAS and ISO 14001. To learn more about Travelife please visit www.travelife.info.

Project Introduction

The main objective of the project is to address the challenges relating to the preservation and valorisation of medieval cultural heritage in the border areas of Croatia and Slovenia.

The project is centred around the preservation and protection of neglected medieval cultural heritage from oblivion and deterioration in the regions of Kras, Istria and the Slovenian coast, through the development of a cross-border cultural tourism destination and by raising awareness about its importance and potential for economic growth among the area's local population. The project addresses challenges such as the lack of knowledge among the locals about the importance of culture in economic development, the lack of a common strategy for the development of cultural tourism and the uneven quality of tourism services in the cross-border area.

Main Project Outcomes

- The development of strategic documentation as a basis for the sustainable development of a cross-border cultural tourism destination (Strategy, Action Plan, Historical Site Management Plan)
- The establishment of visitor infrastructure (Interpretation Center of Vincent and John from Kastav and an exhibition area within Prem Castle)
- The development and implementation of innovative methods of interpretation of the Terra Gothica Incognita destination (exhibitions, workshops, thematic events)
- The expansion and upgrading of the Patrimonio cultural heritage database with an interactive map of historical sites of the cross-border area, including 3D images of historical sites
- The development of innovative thematic cross-border products (interactive game, picture book)
- A developed marketing plan and a promotional campaign that will increase the visibility of the joint destination and its cultural-tourism products through events, exhibitions and concerts, which will result in an increase in the number of visitors to lesser-known cultural-tourism locations

- The implementation of a test pilot and evaluation of the developed tourism routes
- The exchange of knowledge, resources and best practices between partners and stakeholders through the organization of a popular science symposium
- The education of target group members through capacity building workshops on the topic of destination promotion and cross-border product development

Target Groups

1. Local public bodies (government bodies and tourism boards)
2. Sectoral agencies in the field of culture, tourism and other related activities
3. Interest groups including non-governmental organizations active in the field of protection and promotion of culture and cultural heritage
4. Higher education institutions and research institutes
5. General public – local population

Project Kick-off

The Terra Gothica Incognita project was officially presented to the media and the general public at the Praetorian Palace in Koper on September 18th, 2024. The project was presented by the project's manager Renato Stanković, and the representatives of the other project partners – the Municipality of Koper, the Historical and Maritime Museum of Istria, the Association of Croatian Travel Agencies, the Koper Regional Museum and the Regional Development Centre Koper. After the press conference, the project's kick-off meeting was held, bringing together the project teams of all the project partners for the first time.

With the project being broadly centred around the presentation of the Kastav School of Painting, in which the leading figures were Vincent and Ivan of Kastav, the project was presented to the Croatian public in November 2024 in the premises of the Historical and Maritime Museum of Istria in Pula. The project goals were broadcast by the director of the Museum Gracijano Kešac, the head of the House of Frescoes in Draguč, Sunčica Mustač, the curator Katarina Marić, the head of culture and native heritage of the Istrian County, Vladimir Torbica, and Renato Stanković, the project's manager. The presentation was held in November to symbolically mark the 550th anniversary of the painting of the church of St. Mary on Škrilin in Berm, where Vincent of Kastav's workshop completed the painting of the sacral interior walls in November 1474, leaving us with, among other things, the "Dance of Death", probably the most famous Istrian fresco painting.

As a part of the project's activities and with the aim of facilitating the discovery of the rich cultural heritage of the

city of Koper, during December 2024 guided tours through the old city center were organized for visitors interested in learning about the Gothic heritage at the centre of the Terra Gothica Incognita project. Lead by experienced tour guides, groups of domestic and foreign visitors, joined by members of the local population too, were given the opportunity to hear about the fascinating history of Koper, an important backbone of the offer of the new cross-border destination.

The New Cross-Border Destination's Visual Identity

The visual identity of the new cross-border destination embodies the shared knowledge and insight about the cultural heritage at the heart of the project's implementation (the medieval heritage of the Gothic era), ensures the cross-border product is attractive and recognizable, and inspires interest in consuming experiences developed in the cross-border area even after the implementation of the project's activities.

The main goals of developing the visual identity of the new cross-border destination are as follows:

- The protection of neglected medieval cultural heritage from oblivion and deterioration in the regions of Kras, Istria and the Slovenian coast
- The valorisation of cultural heritage in tourism through the development of a cross-border cultural tourism destination and cross-border products
- The utilisation of various methods of interpretation and promotion of heritage in order to raise awareness among the local population about its importance and potential in order to revive a common cultural identity.

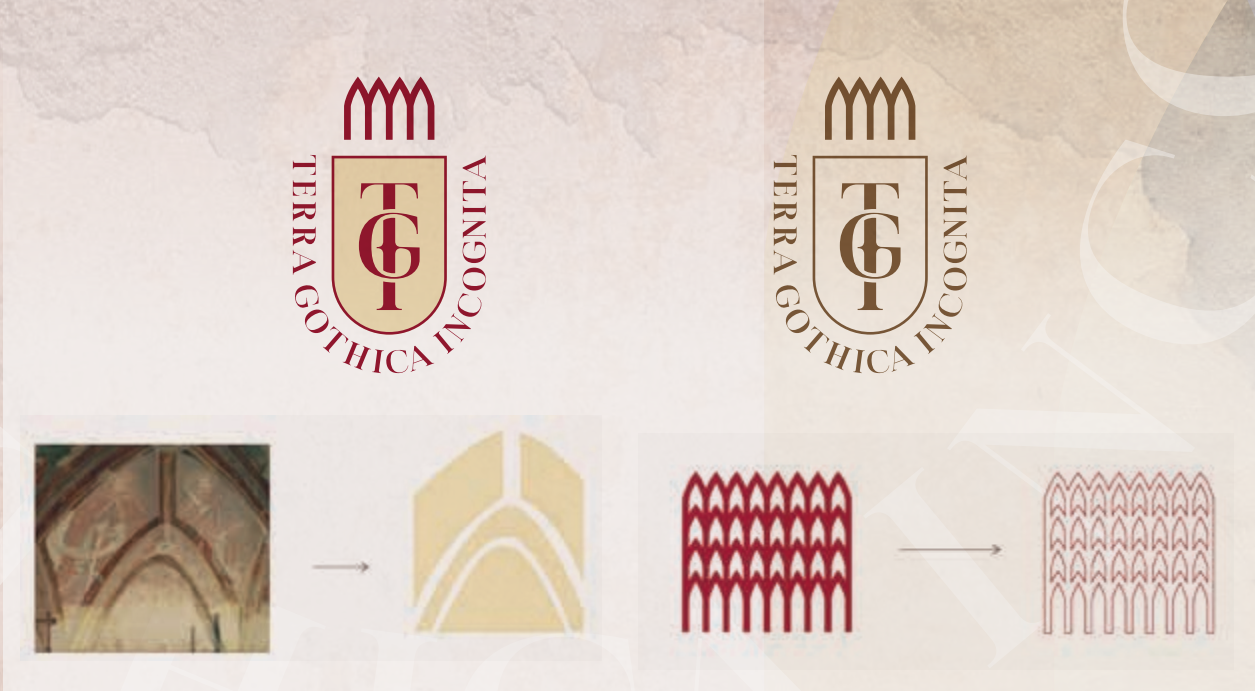

Through the careful selection of colours and fonts, the new cross-border destination can communicate its authenticity, which, in the era of fast content consumption and highly saturated markets, is very important for the positioning of a cultural tourism destination. A comprehensive and adjustable visual system, capable of facilitating clear communication, will certainly contribute to efficiently marking and internationally strengthening the recognition of *Terra Gothica Incognita*, a brand-new cultural tourism destination.

The selected visual features silhouettes which symbolize the revitalized fresco surfaces to be applied to photographs and promotional materials in moderation and as a decorative motif exclusively. The multiplied Gothic arches create a pattern for application as accompanying background elements that emphasize the Gothic period in the project intervention's focus.

Study Trip

In April 2025, as a part of a study trip to France, the project partner team members visited the cities of Paris, Rennes, Dinan and Lannion, as well as the municipality of Plouha in Brittany, to learn about and explore examples of best practices related to the development of a cultural tourism destination with a rich cultural heritage.

In Rennes, the capital of Brittany, an exceptionally rich region culturally and especially renowned for heritage from the medieval period, where the provincial parliament is seated the project team met with representatives of the city's administration. Nathalie Guenancia (Rennes Métropole – Direction Economie Emploi Innovation – Directorate for the Economy, Employment and Innovation of the City of Rennes) presented the city's efforts in improving the valorisation

of cultural heritage toward the development of the city's tourism, carried out in cooperation with local stakeholders through investments in the city's capacities and the sustainability of Rennes as a destination.

In Rennes, the project teams had the opportunity to visit the Couvent des Jacobins, a 14th-century Dominican monastery which the city transformed into a modern conference complex and which now houses the city's tourism office. The sustainably renovated historic building in the old town is equipped with all the necessary facilities to host large meetings, concerts and gatherings, explained Gilles Brohan from the Rennes Tourism Office during a guided tour of the complex. He acknowledged that the complex is still catching up with the cost of the monastery's adaptation, but Rennes' focus on developing business tourism is paying off in that the participant outside spending (136 events held in 2023) favours tourism stakeholders in the destination as a whole.

The visit continued and the group met with the management of the publicly run Mont St. Michel, a fort under UNESCO protection since 1979. Located on a rocky island, surrounded by tidal waters, this public institution faces numerous operational challenges – Mont St. Michel is visited by around 3 million tourists annually (only the Eiffel Tower and the Versailles Palace have more visitors), mostly in the summer months. The visit to Mont St. Michel also included a guided tour of the fort and monastery.

In Dinan, one of France's best-preserved medieval towns, the project team met with representatives of the town's administration and tourism office. The team was presented

with the town's latest investment – the restoration of its fortified 13th-century walls. The visit to Dinan was followed by a visit to the municipality of Plouha and the chapel - Chapelle de Kermaria-An-Iskuit, where participants enjoyed a guided tour of the chapel by L'association des Amis de Kermaria (Association of the Friends of Kermaria) and a reception with the mayor of Plouha. A particularly impressive interpretation of the frescoes that adorn the walls of the chapel (Danse Macabre – Dance of Death) was presented by Denis Lachever, a member of the aforementioned association and a Breton heritage enthusiast.

Finally, the project teams visited the town of Lannion, which offers access to the Côte de Granit Rose (Pink Granite Coast), an attractive strip along the English Channel with tourism appeal. In addition to visiting the well-visited local market, a meeting with representatives of the local Tourism Office was also organized. After visiting the Pink Granite Coast, the project team returned to Paris, from where they headed back to Croatia/Slovenia.

The study trip to Brittany enabled the project partners to learn about destination planning and management in the context of sustainable practices in tourism, the valorisation of cultural heritage and the targeted interaction and connection of stakeholders in developing destination capacities. The acquired knowledge and experiences will be applied in the further implementation of the Terra Gothica Incognita project as it moves forward onto a series of consultative workshops with interest groups in the cross-border area.

Consultative Stakeholder Workshops

The first in a series of joint consultative workshops was held at the end of May in the new Town Hall of the City of Kastav, bringing together tourism trade and culture professionals, service providers, artists and other relevant stakeholders, launching the process of creating the new cross-border cultural tourism destination utilizing the bottom-up approach in the project areas of Croatia and Slovenia. A week later, the same workshop was held on the Slovenian side of the cross-border area, in the town of Hrastovlje, home to the well-preserved Holy Trinity Church, whose interior is adorned with medieval frescoes from the 13th century.

The consultative workshops will enable stakeholders to express their opinions, ideas and proposals and actively participate in shaping the strategy for the development of a cultural tourism destination and producing a management model for the new cross-border destination and its promotion. This inclusive approach will allow stakeholders to own the destination development process and to actively contribute to the creation of sustainable, authentic tourism products. The lecturers, Jelena Berečić and Marko Koščak, presented examples of destination development best practices to Slovenian and Croatian stakeholders, analysing the current situation together and uncovering the potential for the development of cultural tourism in the project area. These interactive sessions opened room up to dialogue, laying the foundations to cooperation on the project through thematic working groups and subsequent consultative workshops, the starting point for the development of key project documents - the *Strategy for the Development of a New Tourism Destination*, the *Action Plan for the Terra Gothica Incognita Cultural Tourism Destination* and the *Cross-border Cultural and Historical Landmarks Management Plan*. These documents and models will be used by various other stakeholders, contributing to the development of brand-new management and cooperation models and ensuring long-term development not only of cross-border areas but also of other regions that wish to apply similar approaches.

The Valorisation of Cultural Heritage

Events organised as project activities such as the Medieval Day at Prem Castle and the Fresco Making Workshop at the House of Frescoes in Draguć have contributed to bringing the local community closer together and to the valorisation of cultural heritage in developing tourism in the cross-border area. Historical tales, customs and crafts are brought to life in a tangible and interesting way, which raises awareness about the importance of preserving cultural heritage and connects stakeholders who are then capable of promoting it more consistently within the new cross-border destination.

These efforts will continue to support the project's mission in the area with concerts in Gothic fresco adorned churches, during which visitors will have the opportunity to enjoy medieval music, admire the painted interiors and

experience the unique atmosphere of these historical sites. Complimentary project activities include recording the concerts and making them available through the *Heritage Hunt* digital game, as well as producing brochures about the music of the Gothic era.

These concert videos, in addition to the historical research and 3D scanning of historical sites as integral outcomes of the project, will be publicly available through the *Patrimonio* digital catalogue and database of historical heritage, as well as online and across social media. These resources will be useful to research organisations, but also to the general public. Through these activities, the project will provide opportunities for acquiring new knowledge and the exchange of experiences, encouraging different destinations to connect in building a broader story about the protection and valorisation of cultural heritage and the promotion of sustainable tourism. All of the activities carried out on the Terra Gothica Incognita project transfer easily to other regions as best practice examples and as incentives for making further progress.

Restoration and Investment

The restoration and proper interpretation of protected cultural heritage will keep it from being forgotten and prevent its deterioration. The cultural heritage up for restoration within the project's duration – the exhibition hall in Prem Castle and the interpretation center in the southern tower of the city walls of Kastav – will revitalize, show-case and link together a number of different cross-border sites. The cultural itinerary resulting from the project will also feature these and other historical monuments, tangible and intangible medieval heritage within the cross-border area, creating a unique cultural tourism destination – *Terra Gothica Incognita*.

Predstavljanje projekta

Projekt Terra Gothica Incognita je bil uradno predstavljen medijem in javnosti 18. septembra 2024 v Pretorski palači v Koprui. Projekt so predstavili vodja projekta Renato Stanković ter predstavniki vseh partnerjev – Mestne občine Koper, Zgodovinskega in pomorskog muzeja Istre, Združenja hrvaških potovalnih agencij, Pokrajinskega muzeja Koper in Regionalnega razvojnega centra Koper.

održan je prvi radni sastanak projektnih timova svih partnera.

Projekt koji se naširoko razvija oko središnje osi predstavljanja kastavske slikarske škole, u kojoj su vodeće ličnosti bili Vincent i Ivan iz Kastva, predstavljen je поближе hrvatskoj javnosti u studenom 2024. godine u prostorima Povijesnog i pomorskog muzej Istre u Puli. O ciljevima projekta govorili su ravnatelj Muzeja Gracijano Kešac, voditeljica Kuće fresaka u Draguču Sunčica Mustač, kustosica Katarina Marić, pročelnik za kulturu i zavičajnost Istarske županije Vladimir Torbica, te Renato Stanković kao voditelj projekta. Predstavljanje je održano baš u studenom kako bi se simbolički obilježila 550. godišnjica od oslikavanja crkvice svete Marije na Škrilinah u Bermu, gdje je radionica Vincenta iz Kastva upravo u studenom 1474. godine okončala oslikavanje unutarnjih zidova sakralnog zdanja ostavivši nam, među ostalim, i „Ples mrtvaca“, vjerojatno najpoznatiju istarsku fresku.

S ciljem otkrivanja bogate kulturne baštine grada Kopra, kao dio projektnih aktivnosti tijekom mjeseca prosinca 2024. godine za zainteresirane su posjetitelje organizirane vođene ture kroz staru gradsku jezgru u kojoj se kriju brojne tajne gotičkog stila u središtu provedbe projekta. Pod vodstvom iskusnih vodiča, domaći i strani posjetitelji, kao i lokalno stanovništvo, imali su priliku čuti zanimljive priče iz povijesti grada čija će ponuda činiti bitnu okosnicu nove prekogranične destinacije.

Vizualni identitet nove prekogranične destinacije

Vizualni identitet nove prekogranične destinacije utjelovljuje zajednička znanja i spoznaje o kulturnoj baštini u središtu provedbe projekta (nasljeđe srednjega vijeka i gotičkoga razdoblja), osigurava privlačnost i prepoznatljivost prekograničnog proizvoda te potiče zanimanje za konzumaciju razvijenih turističkih doživljaja u prekograničnom području i nakon provedbe projektnih aktivnosti.

Glavni su ciljevi razvoja vizualnog identiteta nove prekogranične destinacije:

- očuvanje zajedničke kulturne baštine srednjega vijeka na području Krasa, Istre i slovenskog primorja od zaborava i propadanja
- turistička valorizacija kulturne baštine kroz razvoj prekogranične kulturno-turističke destinacije i prekograničnih proizvoda
- implementacija različitih metoda interpretacije baštine i promocije kako bi se osvijestilo lokalno stanovništvo o njezinoj važnosti i potencijalima te oživio zajednički kulturni identitet.

Pažljivim odabirom boja i fontova, nova prekogranična destinacija može komunicirati svoju autentičnost, što je, u današnje vrijeme brze konzumacije sadržaja i tržišne zasićenosti, itekako važno za pozicioniranje destinacije

Po novinarski konferenci je potekal prvi delovni sastanak projektnih skupin vseh partnerjev.

Projekt, ki se široko razvija okoli osrednje osi predstavitve kastavske slikarske šole, v kateri sta bili vodilni osebnosti Vincenc in Ivan iz Kastva, je bil hrvaški javnosti predstavljen novembra 2024 v prostorih Zgodovinskega in pomorskog muzeja Istre v Pulju. O ciljih projekta so spregovorili direktor Muzeja Gracijano Kešac, vodja Hiše fresk v Draguču Sunčica Mustač, kustosinja Katarina Marić, vodja oddelka za kulturo in domače kraje Istrske županije Vladimir Torbica ter Renato Stanković kot vodja projekta. Predstavitev je potekala novembra ob simbolični obeležitvi 550. obletnice poslikave cerkve sv. Marije na Škrilini v Bermu, kjer je delavnica Vincenca iz Kastva novembra 1474 končala poslikavo notranjih sten sakralne stavbe in nam med drugim zapustila „Mrtvaški ples“, verjetno najbolj znano istrsko fresko.

Z namenom odkrivanja bogate kulturne dediščine mesta Koper so bili v okviru projektnih aktivnosti v mesecu decembru 2024 za zainteresirane obiskovalce organizirani vođeni ogledi po starem mestnem jedru, ki skriva številne skrivnosti gotskega stila v središču projekta. Domači in tuji obiskovalci ter lokalni prebivalci so pod vodstvom izkušenih vodnikov imeli priložnost slišati zanimive zgodbe iz zgodovine mesta, katerega ponudba bo predstavljala bistveno hrštenico nove čezmejne destinacije.

Vizualna identiteta nove čezmejne destinacije

Vizualna identiteta nove čezmejne destinacije uteleša skupno znanje in spoznanja o kulturni dediščini, ki je v središču izvedbe projekta (dediščina srednjega veka in gotike), zagotavlja privlačnost in prepoznavnost čezmejnega produkta ter spodbuja zanimanje za konzumacijo razvitih turističnih doživetij na čezmejnem območju tudi po izvedbi projektnih aktivnosti.

Glavni cilji razvoja vizualne identitete nove čezmejne destinacije so:

- ohranjanje skupne kulturne dediščine srednjega veka na območju Krasa, Istre in Slovenskega primorja pred pozabo in propadanjem
- turistična valorizacija kulturne dediščine z razvojem čezmejne kulturno-turistične destinacije in čezmejnih produktov
- implementacija različnih načinov interpretacije in promocije dediščine z namenom ozaveščanja lokalnega prebivalstva o njenem pomenu in potencialih ter oživljanja skupne kulturne identitete.

S skrbnim izborom barv in pisav lahko nova čezmejna destinacija sporoča svojo avtentičnost, ki je v današnjem času hitre potrošnje vsebin in zasičenosti trga zelo pomembna za pozicioniranje destinacije kulturnega

kulturnog turizma, a sveobuhvatan i prilagodljiv vizualni sustav, sposoban za jasnu komunikaciju, svakako će doprinijeti efikasnom označavanju i jačanju međunarodne prepoznatljivosti i valorizacije nove kulturno-turističke destinacije Terra Gothica Incognita.

Oblikom prepoznatljivi elementi odabranog vizualnog rješenja simboliziraju revitalizirane površine fresaka, a aplicirani na fotografije i promotivni materijal koristit će se umjereno te isključivo kao dekorativni motiv. Multiplicirani znak gotičkih lukova kreira uzorak primjenjiv kao popratni element u pozadini koji naglašava razdoblje gotike koje je u fokusu projektnog zahvata:

Studijsko putovanje

Članovi projektnih timova partnerskih organizacija u sklopu studijskog posjeta Francuskoj u travnju 2025. godine posjetili su gradove Pariz, Rennes, Dinan i Lannion te općinu Plouha u Bretanji kako bi upoznali i istražili primjere dobre prakse vezane uz razvoj kulturno-turističke destinacije s bogatom kulturnom baštinom.

Kao regija, Bretanja je jedinstveno bogata kulturnom baštinom, posebice iz razdoblja srednjega vijeka, a u Rennesu, glavnom gradu regije i sjedištu pokrajinskog parlamenta, projektni tim susreo se s predstavnicima gradske uprave. Nathalie Guenancia (Rennes Métropole – Direction Economie Emploi Innovation – Uprava za

turizma, celovit in prilagodljiv vizualni sistem, sposoben jasne komunikacije, pa bo zagotovo prispeval k učinkovitemu označevanju ter krepitvi mednarodne prepoznavnosti in valorizacije nove kulturno-turistične destinacije Terra Gothica Incognita.

Oblikovno prepoznatljivi elementi izbrane vizualne rešitve simbolizirajo revitalizirane površine fresk, aplicirani na fotografije in promocijski material pa bodo uporabljeni zmerno in izključno kot dekorativni motiv. Multipliciran znak gotskih lokov ustvarja vzorec, ki se uporablja kot spremljevalni element v ozadju in poudarja obdobje gotike, ki je fokus projekta:

Študijsko potovanje

V okviru študijskega obiska Francije aprila 2025 so člani projektnih skupin partnerskih organizacij obiskali mesta Pariz, Rennes, Dinan in Lannion ter općinu Plouha v Bretanji, da bi spoznali in raziskali primere dobrih praks, povezanih z razvojem kulturno-turistične destinacije z bogato kulturno dediščino.

Bretanja je kot regija edinstveno bogata s kulturno dediščino, zlasti iz srednjega veka, zato se je v Rennesu, glavnom mestu regije in sedežu deželne parlamenta, projektna ekipa srećala s predstavnicima gradske uprave. Nathalie Guenancia (Rennes Métropole – Direction Economie Emploi Innovation – Direktorat za gospodarstvo,

gospodarstvo, zapošljavanje i inovacije grada Rennesa) predstavila je aktivnosti gradske vlasti u pogledu valorizacije kulturne baštine koja doprinosi razvoju gradskog turizma i suradnji s lokalnim dionicima kada su u pitanju investicije u turističke kapacitete i održivost Rennesa kao destinacije.

U Rennesu su projektni timovi imali priliku obići Couvent des Jacobins, dominikanski samostan iz 14. stoljeća koji je transformiran u suvremeni konferencijski kompleks i u kojemu je danas smješten gradski turistički ured. Održivo obnovljena povijesna zgrada u staroj jezgri grada opremljena je svim potrebnim sadržajima za održavanje velikih skupova, koncerata i okupljanja, pojasnio je Gilles Brohan iz turističkog ureda u vođenom obilasku kompleksa. Priznao je da kompleks još uvijek sustiže vrijednost adaptacije samostana, no orijentacija Rennesa na razvoj poslovnog turizma isplativa je utoliko što se potrošnja sudionika raznih skupova (136 realizirano u 2023. godini) obilno prelijeva na sve ostale dionike u destinaciji.

U nastavku putovanja održan je sastanak s upravom javne ustanove Mont St. Michel koja je od 1979. godine pod UNESCO-vom zaštitom. Smještena na stjenovitom otoku, okružena plimnim vodama, ova javna ustanova susreće se s brojnim operativnim izazovima – na godišnjoj razini Mont St. Michel posjeti oko 3 milijuna turista (više posjetitelja imaju samo Eiffelov toranj i dvorac Versailles), ponajviše u ljetnim mjesecima. U posjet Mont St. Michelu bio je ukljućen i vođeni obilazak grada i samostana.

U Dinanu, jednom od najočuvanijih srednjovjekovnih gradova Francuske, projektni tim susreo se s predstavnicama grada i turističke zajednice. Timovima je predstavljena posljednja investicija grada – obnova gradskih bedema iz 13. stoljeća. Nakon posjeta Dinanu uslijedio je posjet općini Plouha i kapelici - Chapelle de Kermaria-An-Iskuit, gdje je za sudionike osiguran vođeni obilazak kapelice u organizaciji L'association des Amis de Kermaria (Udruženje prijatelja Kermarije) te prijem kod gradonačelnika Plouhe. Posebno dojmljivu interpretaciju fresaka koje krase zidove kapelice (Danse Macabre – Ples mrtvaca) iznio je Denis Lachever, član spomenutog udruženja i poklonik bretonske kulturne baštine.

Zaključno, projektni su timovi posjetili grad Lannion koji nudi izlaz do Côte de Granit Rose (Obale ružičastog granita), turistički atraktivnog pojasa uz La Manche. Osim obilaska dobro posjećene lokalne tržnice, organiziran je i susret s predstavnicima lokalne turističke zajednice. Nakon obilaska Obale ružičastog granita, projektni tim zaputio se prema Parizu iz kojega je bio organiziran povratak u Hrvatsku/Sloveniju.

Studijsko putovanje u Bretanju omogućilo je projektnim partnerima da unaprijede svoja znanja u području planiranja i upravljanja destinacijama u kontekstu održivih praksa u turizmu, posebice kada je u pitanju valorizacija kulturne baštine te interakcija i povezivanje dionika s ciljem razvoja kapaciteta destinacije. Stećena znanja i

zaposlovanje in inovacije mesta Rennes) je predstavila dejavnosti mestne uprave na području valorizacije kulturne dedišćine, ki prispevajo k razvoju mestnega turizma, in sodelovanja z lokalnimi deležniki pri naložbah v turistične zmogljivosti in trajnost Rennesa kot destinacije.

V Rennesu so imele projektne skupine priložnost obiskati Couvent des Jacobins, dominikanski samostan iz 14. stoletja, ki je bil spremenjen v sodoben konferenčni kompleks in je zdaj v njem mestna turistična pisarna. Trajnostno prenovljena zgodovinska stavba v starem mestnem jedru je opremljena z vsemi potrebnimi prostori za organizacijo velikih zborovanj, koncertov in srećanj, je med vođenim ogledom kompleksa pojasnil Gilles Brohan iz turistićne pisarne. Priznal je, da kompleks še vedno dohiteva vrednost adaptacije samostana, vendar je usmeritev Rennesa v razvoj poslovnega turizma dobićkonosna do te mere, da se potrošnja udeleženecv različnih srećanj (136 realiziranih v letu 2023) izdatno preliiva na vse ostale deležnike destinacije.

V nadaljevanju potovanja je potekalo srećanje z vodstvom javnega zavoda Mont St. Michel, ki je od leta 1979 pod Unescovo zašćito. Ta javni zavod, ki se nahaja na skalnatem otoku, obdanem s plimovanjem, se sooća s številnimi operativnimi izzivi - na letni ravni Mont St. Michel obišće približno 3 milijone turistov, najveć v poletnih mesecih (već obiskovalcev imata le Eifflov stolp in Versajska palaća). Obisk Mont St. Michela je vkljućeval tudi vođen ogled mesta in samostana.

V Dinanu, enem najbolje ohranjenih srednjeveških mest v Franciji, se je projektna ekipa sestala s predstavnicima mesta in turistićne organizacije. Ekipam je bila predstavljena najnovēja naložba mesta – obnova mestnega obzidja iz 13. stoletja. Obisku Dinana je sledil obisk obćine Plouha in kapele - Chapelle de Kermaria-An-Iskuit, kjer so udeleženeci imeli vođen ogled kapele, ki ga je organiziralo Združenje prijateljcv Kermarije (L'association des Amis de Kermaria), in sprejem pri županu Plouhe. Posebej impresivno interpretacijo fresk, ki krasijo stene kapele (Danse Macabre – Mrtvaški ples) je predstavil Denis Lachever, član omenjenega zdrućenja in ljubitelj bretonske kulturne dedišćine.

Na koncu so projektne ekipe obiskale še mesto Lannion, ki ponuja dostop do Côte de Granit Rose (Rožnate granitne obale), turistićno privlaćnega pasu ob Rokavskem prelivu. Poleg ogleda dobro obiskane lokalne tržnice je bil organiziran tudi sestanek s predstavnicima lokalne turistićne organizacije. Po ogledu Rožnate granitne obale se je projektna ekipa odpravila v Pariz, od koder je bila organizirana vrnitev na Hrvaško/v Slovenijo.

Študijsko potovanje v Bretanjo je projektnim partnerjem omogoćilo izboljšanje znanja na području načrtovanja in upravljanja destinacij v kontekstu trajnostnih praks v turizmu, zlasti ko gre za valorizacijo kulturne dedišćine ter interakcijo in povezovanje deležnikov s ciljem razvoja zmogljivosti destinacije. Pridobljeno znanje in izkušnje

iskustva bit će primijenjena u daljnjoj provedbi projekta Terra Gothica Incognita, čije se aktivnosti nastavljaju s nizom konzultativnih radionica s interesnim skupnima u prekograničnom području.

Konzultativne radionice s dionicima

Prva u nizu zajedničkih konzultativnih radionica na kojoj su se okupili turistički i kulturni djelatnici, ugostitelji, umjetnici i drugi relevantni dionici, a čime je započeo proces stvaranja nove prekogranične kulturno-turističke destinacije koja obuhvaća područje Hrvatske i Slovenije po bottom up principu, održana je koncem svibnja u novoj Gradskoj vijećnici Grada Kastva. Tjedan dana kasnije ista je radionica održana i na slovenskoj strani prekograničnog područja, u mjestu Hrastovlje u kojem se nalazi dobro očuvana crkvice Svetog Trojstva čiju unutrašnjost krase srednjovjekovne freske iz 13. stoljeća.

Konzultativne radionice dionicima će omogućiti izražavanje mišljenja, ideja i prijedloga te aktivno sudjelovanje u oblikovanju strategije kulturno-turističkog razvoja i modela upravljanja novom prekograničnom destinacijom te njezine daljnje promidžbe. Ovaj inkluzivni pristup omogućit će dionicima da se osjećaju vlasnicima procesa razvoja destinacije i da doprinesu stvaranju održivog i autentičnog turističkog proizvoda. Predavači, Jelena Berečić i Marko Koščak, slovenskim su i hrvatskim dionicima predstavili primjere dobre prakse u razvoju turističke destinacije, te uključili okupljene dionike u analizu aktualnog stanja i otkrivanje potencijala za razvoj kulturnog turizma na projektnom području. Ove interaktivne sesije otvorile su prostor za dijalog i postavile temelje za buduću suradnju kroz tematske radne skupine i naredne konzultativne radionice, koje predstavljaju polazište za izradu ključnih projektnih dokumenata – Strategiju razvoja nove turističke destinacije, Akcijski plan kulturno-turističke destinacije Terra Gothica Incognita i dokument Plan upravljanja kulturno-povijesnim znamenitostima unutar prekogranične destinacije. Ove dokumente i modele moći će koristiti dionici iz različitih područja, doprinoseći razvoju novih modela upravljanja i suradnje te osiguravajući dugoročan razvoj ne samo prekograničnih područja već i drugih regija koje žele primijeniti slične pristupe.

Valorizacija kulturne baštine

Manifestacije poput Srednjovjekovnog dana u dvorcu Prem i Radionica izrade fresaka u Kući fresaka u Draguču doprinijele su povezanosti lokalne zajednice, valorizaciji kulturne baštine i razvoju turizma u prekograničnom području istovremeno. Povijesne priče, običaji i zanati oživljavaju se na opipljiv i zanimljiv način, što potiče svijest o važnosti očuvanja kulturne baštine i povezuje dionike koji će istu dosljednije promicati unutar nove prekogranične destinacije.

bodo uporabljeni pri nadaljnjem izvođenju projekta Terra Gothica Incognita, katerega aktivnosti se nadaljujuju z vrsto posvetovalnih delavnic z interesnimi skupinami na čezmejnem območju.

Posvetovalne delavnice z deležniki

Prva v nizu skupnih posvetovalnih delavnic, ki so povezale turistične in kulturne delavce, restavradorje, umetnike in druge relevantne deležnike in s katerimi se je začel proces oblikovanja nove čezmejne kulturno-turistične destinacije, ki po principu od spodaj navzgor (bottom up) zajema območje Hrvaške in Slovenije, je potekala konec maja v novi Mestni hiši mesta Kastav. Enaka delavnica je teden kasneje potekala tudi na slovenski strani čezmejnega območja, v Hrastovljah, kjer je dobro ohranjena cerkev Svete Trojice, katere notranjost krasijo srednjeveške freske iz 13. stoletja.

Posvetovalne delavnice bodo deležnikom omogočile izražanje mnenj, idej in predlogov ter aktivno sodelovanje pri oblikovanju strategije kulturno-turističnega razvoja ter modela upravljanja nove čezmejne destinacije in njene nadaljnje promocije. Ta vključujoč pristop bo deležnikom omogočil, da se bodo počutili kot lastniki procesa razvoja destinacije in prispevali k ustvarjanju trajnostnega in pristnega turističnega produkta. Predavatelj, Jelena Berečić in Marko Koščak, sta slovenskim in hrvaškim deležnikom predstavila primere dobrih praks pri razvoju turistične destinacije ter zbrane deležnike vključila v analizo trenutnega stanja in odkrivanje potenciala za razvoj kulturnega turizma na projektnem območju. Interaktivne seje so odprle prostor za dialog in postavile temelje za prihodnje sodelovanje prek tematskih delovnih skupin in poznejših posvetovalnih delavnic, ki predstavljajo izhodišče za oblikovanje ključnih projektnih dokumentov – Strategije razvoja nove turistične destinacije, Akcijskega načrta za kulturno-turistično destinacijo Terra Gothica Incognita in dokumenta Načrt za upravljanje kulturno-zgodovinskih znamenitosti znotraj čezmejne destinacije. Te dokumente in modele bodo lahko uporabljali deležniki z različnih območij, kar bo prispevalo k razvoju novih modelov upravljanja in sodelovanja ter zagotovilo dolgoročni razvoj ne le čezmejnih območij, temveč tudi drugih regij, ki želijo uporabiti podobne pristope.

Vrednotenje kulturne dediščine

Dogodki, kot sta Srednjeveški dan v gradu Prem in Delavnica izdelovanja fresk v Hiši fresk v Draguču, so hkrati prispevali k povezovanju lokalne skupnosti, vrednotenju kulturne dediščine in razvoju turizma na čezmejnem območju. Zgodovinske zgodbe, običaji in obrti so oživljeni na oprijemljiv in zanimiv način, kar spodbuja ozaveščenost o pomenu ohranjanja kulturne dediščine in povezuje deležnike, ki jo bodo dosledneje promovirali znotraj nove čezmejne destinacije.

Tome će svakako doprinijeti i koncerti u crkvama koje krase freske iz gotičkog razdoblja na projektnom području, a tijekom kojih će posjetitelji imati priliku uživati u glazbi, diviti se freskama i doživjeti jedinstvenu atmosferu tih povijesnih lokaliteta. Dodatne aktivnosti uključuju i snimanje videozapisa koncerata koji će se koristiti u digitalnoj igri Lov na Baštinu te izradu brošura na temu gotičke glazbe.

Videospotovi koncerata, ali i povijesna istraživanja i 3D skeniranje povijesnih lokaliteta koji su ključni ishodi projekta bit će javno dostupni putem kataloga i digitalne baze povijesne baštine Patrimonio, kao i putem mrežnih stranica i putem društvenih mreža. Ovi će resursi biti korisni znanstvenim institucijama, ali i široj javnosti. Kroz ove aktivnosti, projekt će pružiti mogućnosti za stjecanje novih znanja i razmjenu iskustava te će potaknuti povezivanje destinacija i izgradnju šire priče o zaštiti i valorizaciji kulturne baštine te promociji održivog turizma. Sve aktivnosti koje će biti provedene u sklopu projekta Terra Gothica Incognita mogu se prenijeti na druge regije kao primjer dobre prakse i poticaj za daljnji razvoj.

Obnova i investicije

Obnovom zaštićene kulturne baštine i njezinom kvalitetnom interpretacijom, sačuvat će se istu od daljnjeg propadanja i zaborava. Obnovljena kulturna baština – muzejski postav u dvorcu Prem i interpretacijski centar u južnoj kuli gradskih zidina Kastva, revitalizirat će, prezentirati i povezati niz prekograničnih lokaliteta. U kulturni itinerar proizašao iz projekta bit će uključeni i ostali povijesni spomenici, materijalna i nematerijalna baština srednjega vijeka prekograničnog prostora, tvoreći jedinstvenu kulturno-turističku destinaciju – Terra Gothica Incognita.

K temu bodo vsekakor pripomogli tudi koncerti v cerkvah, okrašenih s freskami iz obdobja gotike na projektnem območju, na katerih bodo obiskovalci imeli priložnost uživati ob glasbi, občudovati freske in doživeti edinstveno vzdušje teh zgodovinskih znamenitosti. Dodatne aktivnosti vključujejo snemanje videoposnetkov koncertov, ki bodo uporabljeni v digitalni igri Lov na dediščino, in ustvarjanje brošur na temo gotske glazbe.

Koncertni videoposnetki, pa tudi zgodovinske raziskave in 3D-skeniranje zgodovinskih lokacij, ki so ključni rezultati projekta, bodo javno dostopni prek kataloga Patrimonio in digitalne baze podatkov o zgodovinski dediščini ter prek spletnih strani in družbenih omrežij. Ti viri bodo koristni za znanstvene ustanove, pa tudi za širšo javnost. Projekt bo s temi aktivnostmi omogočil pridobivanje novega znanja in izmenjavo izkušenj ter spodbujal povezovanje destinacij in gradnjo širše zgodbe o varovanju in vrednotenju kulturne dediščine ter promociji trajnostnega turizma. Vse aktivnosti, ki bodo izvedene v okviru projekta Terra Gothica Incognita, je mogoče prenesti v druge regije kot primer dobre prakse in spodbudo za nadaljnji razvoj.

Obnova in investicije

Z obnovo zaščitene kulturne dediščine in njeno kakovostno interpretacijo bo ta obvarovana pred nadaljnjim propadanjem in pozabo. Obnovljena kulturna dediščina – muzejska razstava v gradu Prem in interpretacijski center v južnem stolpu mestnega obzidja Kastav, bosta oživila, predstavila in povezala številne čezmejne kraje. Drugi zgodovinski spomeniki, materialna in nematerialna dediščina srednjega veka na čezmejnem območju bodo prav tako vključeni v kulturni itinerar, ki izhaja iz projekta, s čimer bo nastala edinstvena kulturno-turistična destinacija – Terra Gothica Incognita.

UNESCO Wonders

Croatia has ten tangible and as many as eighteen intangible treasures that have been included on the UNESCO cultural heritage list. These gems preserve and tell stories of exceptional individuals and human creativity in this region. Dubrovnik's walls, which encircle the Pearl of the Adriatic, are among the most well-known. Rising from the sea, they have guarded the city, its stone streets, and palaces for centuries. Trogir, with its perfectly preserved medieval centre, resembles an open-air museum, with Gothic and Renaissance facades whispering stories.

Diocletian's Palace in Split, with its magnificent walls, columns, and cellars, still retains the grandeur of centuries past despite the changing rhythm of modern life. The Cathedral of St. James, located

just 70 kilometres away in Šibenik, preserves the memories of the Gothic and Renaissance eras and the achievements of stone-carving schools that were once renowned across Europe.

Plitvice Lakes National Park was recognized as a UNESCO World Heritage Site for its stunning natural beauty, featuring cascading waterfalls and turquoise waters that create a breathtaking landscape. Stećci, a type of unique limestone tombstone that dates back to the medieval period, are often decorated with symbols, spirals, and figures such as the famous figure of a man with a raised hand. The countryside surrounding Split and Dubrovnik in Croatia has around 4,400 of these necropolises that are easily accessible. The UNESCO list contains other treasures, such as the 'Za Križen' procession, an intangible cultural heritage that

has been held for more than 500 years and blends tradition, faith, and community. In Dalmatia, there is never a day that goes by without a song being sung, or as the locals say, a 'pisma'. Dalmatian klapa is a capella singing style that enchants with its harmony from the very first verse.

Timeless Cities and Ancient Stories

The Pula Arena is one of the most recognizable sights from the past. The Arena continues to be a symbol of the city, and summer nights are still lively with the film festival and concerts featuring great stars. The baroque Tvrđa fortress in Osijek, which was built in the 18th century, recalls an era when Slavonia was a frontier of empires, and it is now flourishing as a cultural hotspot.

Zadar is a city of contrasts: the Roman Forum and the Church of St. Donatus are both reminders of its ancient and medieval past, while the Sea Organ and Sun Salutation installations are marvels of modern creativity, blending nature, architecture, and art. Rijeka, the country's main port, is a city of culture, and has been recognized as the European Capital of Culture in 2020. Varaždin in northern Croatia, which once served as Croatia's capital, is a captivating place thanks to its baroque palaces, music festivals, and timeless elegance.

Cultural Heritage – Living Traditions

Croatia's cultural wealth lies in its people, not just stone and marble.

Pag lace

Traditions are not only preserved here, but they are also lived, celebrated, and shared. Music is at the heart of Croatian life: from klapa harmonies along the Dalmatian coast to the lively tamburica orchestras of Slavonia, every region has its unique soundscape. Folklore dances, performed in colourful traditional costumes, tell stories of love, toil, and festivities that have been passed down through generations.

Croatia has a unique tradition of gathering around a table. Having good traditional food and drinks with multiple courses is a must for any gathering here. While freshly caught and prepared fish or paštica, beef slowly cooked in a rich wine sauce, will be served on the table on the coast and islands, every gathering in Slavonia begins and ends with cured meats. In Slavonia, your host will welcome you with thinly sliced Kulen or bacon and some of their homemade Rakija. If you happen to be in

Istria, make sure to sample the olive oil and truffles. Croatia's indigenous wine varieties are a delight to drink from the first sip. Living culture here is a way of life, from fields or vineyards to tables and long gatherings with loved ones.

Museums, Galleries, and Modern Creativity

Croatia is home to many impressive museums and exhibition spaces, and Zagreb is the city that has the most museums per capita in the world. A city with around 770,000 residents boasts over 30 museums. On the island of Lošinj, you can find the home of Apoxyomenos, a 2000-year Greek bronze statue found in the sea near Lošinj that keeps the memory of ancient times alive and demonstrates the significance of this region in the Mediterranean. On the other hand, the Archaeological Museum in Zadar has been in operation

since 1880 and has accumulated an impressive record of Zadar County and its neighbouring islands. If you happen to be in Zagreb, the Museum of Broken Relationships is a must-visit place when walking through the Upper Town. This museum's innovative collection of deeply human stories about finished but unforgettable loves will leave no one indifferent.

Cultural Festivals – A Stage Under the Stars

In Croatia, summer is traditionally devoted to culture, and evening events under the open sky are a memorable experience. Film and theatre festivals, traditional festivities, fishermen's nights, and klapa song festivals are among the many events that take place. During the Dubrovnik Summer Festival, the old town is transformed into a vibrant cultural stage, with theatrical performances, concerts,

and dance shows taking place on multiple stages throughout the city. The Špancir fest is held annually in late August in Varaždin, in northern Croatia. For ten days, the city's streets are full of sounds and extravaganzas from performers from all over the world. UNESCO has recognized the significance of the Sinjska alka, which is held annually in honour of the brave knights who defeated the Ottoman army. There is also the Rabaska fjera, a remarkable celebration that takes the island back to medieval times and reminds people of the old crafts, costumes, and traditions of that era.

Authentic Experiences – A Journey Beyond Time

Authentic experiences are unique memories that you can take home. Joining the autumn harvest, going truffle hunting with experienced local truffle hunters, or preparing a homemade specialty at a private workshop is an excellent way to have a great time. To create a souvenir of your time in Croatia, you can also make Pag lace or Licitar hearts. Authentic local cuisine is a must-try, with recipes that have been well-preserved and passed down from generation to generation. Private tours, a more intimate atmosphere, and personalized experiences are available

for those looking for a premium experience in Croatia. Whether it is wine tasting or staying in small boutique hotels that combine cultural heritage with modern comfort, there is something to choose from. Tailor every moment spent in Croatia to your desires and experience authenticity at every turn.

Croatia, A Year-Round Cultural Destination

Croatia is a destination worth exploring. Its natural beauty is legendary, but its cultural soul is what truly sets it apart. Croatia provides authentic, premium experiences for those looking for insight, meaning, and inspiration, whether it is through UNESCO World Heritage Sites, living traditions, major festivals, or intimate workshops. Cultural exploration in Croatia is not limited to the summer season. Cities, villages, coasts, plains, mountains, and islands are year-round destinations for travellers who are eager to explore and connect.

Croatia is a destination that will always captivate those who travel for more than just sightseeing, but also for the opportunity to feel, learn, and build relationships—a land where heritage meets timeless inspiration—and where every journey is a tale worth telling.

Krapina-Zagorje County

A Cradle of Legacy

Once home to Neanderthal settlements, this region has an incredibly rich history spanning across time – Zagorje's medieval castles and fortresses were lush residences to Croatian nobility against whom the area's peasants raised rebellions in their humble, scattered villages, courageous in their fight for justice (*pravica*).

Located between two hills, the Krapina Neanderthal Museum is designed like a cave, allowing people to travel through time and engage all of their senses in learning about human evolution and the origins of the world.

The setting of myths and legends, this land has gifted the world with extraordinary talent

Sanja Škrinjar
Head of Tourist Board

The area boasts a large number of castles, with the most famous being Veliki Tabor Castle, known for the captivating legend of Veronika Desinička. The creative legacy of Antun Augustinčić, the master sculptor most famous for his equestrian statue 'Peace', which still graces the entrance of the United Nations building in New York, can be explored in a gallery dedicated to his work in Klanjec.

The Old Village Museum and its collection of about thirty historical buildings offer visitors a glimpse into the daily life of late 19th century locals, their trades and the customs that shaped their communities. The vibrant mosaic of rural life is represented beautifully in the village's homes, gardens and barns, truly conveying the spirit of the past. The region has two UNESCO-protected traditional treasures: the decorative *Licitari* biscuits and handmade *Wooden Toys*, both crafted in distinctive colours and made using techniques passed down through generations, representing the enduring spirit of traditional craftsmanship.

Home to numerous churches, chapels, monasteries and roadside shrines, the region's many sacred sites, scattered across the hills, hold great cultural and artistic value. The most famous shrine is the one in Marija Bistrica, a major pilgrimage destination for visitors from all over the world.

Culinary Heritage and Culture of the Table on Kvarner

According to UNESCO, the skills and knowledge of food preparation belong to the intangible cultural heritage and are part of identity. Kvarner builds its identity on traditional dishes, customs, and ingredients, which is why it is the first region in Croatia to be awarded the title of European Region of Gastronomy 2026. This is an invitation to taste our coast, islands, and mountains!

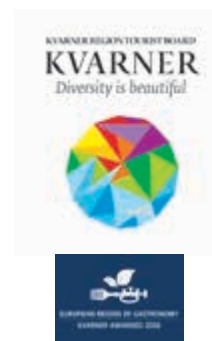

Visit Kvarner and taste the culture of the coast, the islands, and the mountains

Director

The island's traditional cuisine is based on ingredients and animals that can survive on the scarce island soil or be caught in the sea. Islanders tradition is built on salted small oily fish, art of making pasta such as *Krk šurlice*, *Cres makaruni*, and *Rab lasagna*, while in winter they rely on hearty stews cooked in cauldrons. Among traditional island dishes are *udić* – salted and dried sheep leg, *štokalj* – dried octopus, as well as exquisite desserts such as the *Rab cake*, *Krk presnac*, and fragrant *Lošinj krokant*. Wine is also indispensable: golden *Krk žlahtina*, the queen of Kvarner, and the rare *Sansigot*.

The heritage of coastal flavors is rich and layered: Rijeka was once the most important port of the Austro-Hungarian Empire, where ships unloaded exotic fruit, rice, cocoa, and spices. Nearby Kraljevica, home of the Frankopan family, is one of the cradles of Frankopan cuisine. In Rijeka's hinterland, the UNESCO-protected *zvončari* bell-ringers keep alive the tradition of carnival food. The Opatija Riviera blends Mediterranean traditions with refined Central European bourgeois cuisine, crowned by the culinary jewel – the Kvarner scampi. The Crikvenica-Vinodol Riviera pays homage to small oily fish, fruit, and game.

Different from all else in Kvarner is the Gorski Kotar cuisine, preserved to this day in its rural authenticity. Here you will find game stews, dishes made with wild forest mushrooms, and desserts made with forest berries. On the Gorski Kotar table are also river trout, as well as cabbage- and turnip-based stews enriched with smoked meat.

Welcome to Kvarner, a treasury of gastronomic heritage and the European Region of Gastronomy 2026!

Split-Dalmatia County

Cultural Heritage of Central Dalmatia

Central Dalmatia is a cradle of culture, history and heritage where you have UNESCO world heritage monuments at your fingertips, the oldest museums, galleries, libraries, ancient squares and forts, each with its own tale in history.

In Dalmatia, culture is part of everyday life – one walks through historic sites while drinking coffee in pleasant chatter on location at an imperial palace or within a historic old town. In ancient cities one enjoys theatre and ballet performances, too. Within a very small geographical area, dozens of UNESCO protected monuments can be found. The most famous is certainly Split, with Diocletian's palace forming the very heart of the old town and serving as one of the best-preserved examples of Roman architecture in the world. It's hard to walk through the palace without being captivated by its impressive architecture, rich history, and intricate stone carvings.

Krešimir Šakić

At the heart of this heritage is the city of Šibenik, the oldest native town on the Adriatic coast, home to two UNESCO World Heritage sites: the Cathedral of St. James, a masterpiece of Renaissance architecture, and the impressive St. Nicholas' Fortress, a unique monument of maritime and fortification history. Šibenik's four fortresses, each with its own story and breathtaking views, shape the city's identity, while the monumental Knin Fortress – one of the largest in Europe – reveals the military and cultural strength of this region.

The county's uniqueness also lies in its archaeological sites, from Roman villas and early Christian churches to medieval fortresses, all testifying to its rich past. Yet, cultural heritage here is not only tangible. Intangible traditions – klapa singing echoing through stone alleys, centuries-old processions, traditional crafts, and the flavors of local cuisine – provide an experience that goes far beyond an ordinary visit.

In Šibenik-Knin County, past and present merge into one story, where every step, view, and note brings you closer to the true spirit of the Mediterranean.

Vukovar-Srijem County

An Abundance of Ancient Heritage

They call it the Danube Troy, the European Mesopotamia and the Paris of the Neolithic. It emerged before the Egyptian pyramids, a cradle of an entire culture that developed across the area stretching from the Carpathians to the Alps and the Dinaric mountains, born on the banks of the Danube in Vučedol.

Today's symbols of Vukovar — the Vučedol Dove and the Vukovar Shoe — as well as the Orion vessel from nearby Vinkovci, adorned with the oldest Indo-European calendar, represent the peak of Vučedol ceramic craftsmanship. In the award-winning Vučedol Culture Museum you will learn firsthand about this impressive culture that brought Europe to a civilizational leap.

Ideally by bicycle, set off eastward from Vučedol through the Mohovo Valley, walked by mammoths 20.000 years ago, until you reach the royal town of Ilok, where more history awaits. Visit the Ilok City Museum housed in the unique Odescalchi Castle, as well as the Interpretation Center "Ilok – The Gateway of Croatia" located in the Brnjaković Manor.

While enjoying the countryside beauty, travel from Ilok via Bapska — where the archaeological site of Gradac reveals incredible prehistoric treasures. Continue to the oldest European town – Vinkovci, the birthplace of two Roman emperors and of Ivan Kozarac, the most famous poet of the Slavonian plain. His love affair with Marija, his darling muse, has them remembered as the area's very own Romeo and Juliet. A monument of the couple on the banks of the Bosut river offers the perfect selfie spot for visitors.

You cannot leave Vukovar-Srijem County without visiting Vukovar itself. While on the Slavonian side of Vukovar visit the birthplace of Croatia's first Nobel laureate, chemist Lavoslav Ružička, to whom we owe our appreciation for the gift of refined perfumes. If you wish to admire the mighty Danube, cross over to the Srijem part of Vukovar and head to the famous Water Tower, a symbol of Croatian unity during the Homeland War.

Say YES! to History and Culture

Discover Zadar Region - a place where history, art, and culture intertwine at every step.

Here, the past is not hidden - it lives on in the squares, stone streets, and stories that have shaped the identity of this region for centuries. A walk through this region is like a journey through time: from the Liburnians and Romans, through the Venetians and Croatian kings, all the way to today's modern city of Zadar, which both honors its heritage and looks to the future.

The starting point for exploring the region is Zadar, a city with more than three thousand years of history, whose cultural and historical importance is recognised by UNESCO protection.

**A walk through this region is like a
journey through time**

In Zadar, the old meets the new - the Church of St. Donatus, and the Cathedral of St. Anastasia with its tower, where even the climb itself is an experience, crowned by an unforgettable view, the Roman Forum, Kalemargas Street, and the People's Square reflect the rich past, while contemporary installations such as the Sea Organ and Greeting to the Sun amaze thousands of visitors.

Numerous museums and treasures tell unforgettable stories, just like the barkajoli, which has been preserving the tradition of passenger transport in small boats for more than 600 years.

Every corner of the Zadar region whispers a story. On the island of Pag, the world-famous Pag lace, perfected by Benedictine nuns since the 15th century, still captivates with its unique patterns. In Nin, the oldest Croatian royal town, stands the Church of the Holy Cross, known as the "smallest cathedral in the world," which also serves as a unique sundial. An ideal walk on the island of Ugljan includes a visit to the fortress of St. Michael, built by the Venetians in the 12th century.
